

Connect Moodle to HP Workpath

Powered by
in time tec

Save time by accessing software solutions directly from your MFP.

Description

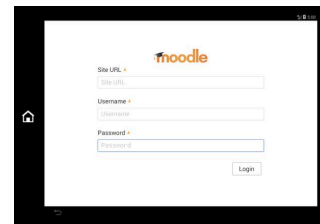

Connect to Moodle is a dedicated application for educators, administrators, and students. Users can securely scan and print important documents directly with Moodle using any Workpath-enabled HP MFP.

Key Product Features

Multi-user Role Login

Administrators, teachers, managers, or students can login using their Moodle credentials straight from the MFP control panel. This allows scanning or printing from any compatible HP device.

Scan and Print from “Private Files”

Users can upload scanned documents directly from the printer. Similarly, files stored in the “Private Files” area can also be directly printed.

Scan and Print from “Courses”

Users can print and scan files stored in the “Courses” area instantly from the printer.
